

GETTING ANIMATED

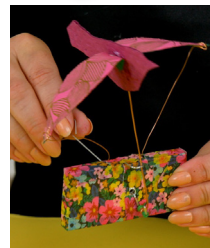

with BLICK Art Materials

Check out this **FREE** Lesson Plan from our MISBO vendor partner.

Automata Toy

Get cranking! In this original lesson plan, students will learn about automata, or mechanical toys, before building a kinetic toy of their own. A simple crank mechanism combines with creative imagination to make a butterfly flutter, a bird flap, or a dragon soar—the possibilities are endless!

Scan for a detailed lesson plan!

Lessons are geared for a wide variety of age and skill levels and designed to meet the National Standards for Visual Art Education.

LESSON PLAN FOCUS

BLICK Matte Acrylic Paints

Opaque, quick-drying, and permanent, BLICK Matte Acrylic Paints offer a high-quality, non-toxic paint that's perfect for classroom use.

They can be applied to a variety of surfaces, leaving a matte finish that works well with many craft and home décor projects. With their economical price, these acrylic paints can be used every day!
