e-Box®

ProLogic ITS

HEIGHT ADJUSTABLE MOUNTS

Creating the best solutions for Height Adjustable Mounts is in our DNA. BalanceBox® and e-Box® are the new standard in safety, quality and function in the market for touch panels. It's because we believe in:

- Giving everyone fast access to your touchscreen technology
- Creating safe & healthy learning and work environments
- Adding flexibility to your presentation
- Protecting your investment (your touchscreen)

We have developed both manual and motorized mounting solutions named **BalanceBox®** and **e-Box®**. Both come in wall mounted and mobile solutions, with a vast array of accessories.
