

INCREDIBLE ONE-TIME PRICE SPECIAL ON EPSON POWERLITE L200SX WHILE SUPPLIES LAST!

CCS Southeast is offering a special promotion for **MISBO Schools** on the popular **EPSON Short-throw Laser Display**.

Easily project bright, easy-to-read images from nearly anywhere in the classroom with the L200SX Wireless XGA 3LCD short-throw laser display. Delivering 3,600 lumens of brightness¹ and high-quality, resolution images up to 112" (4:3), the L200SX maximizes readability and collaboration. Designed with ease of use in mind, this durable, reliable projector offers a virtually maintenance-free, 20,000-hour laser light source² with no lamps to replace and built-in wireless for added convenience. Providing up to 2.5 times larger images than 75" flat panels, split screen for up to four connected devices and built-in Miracast[®], the L200SX makes sharing engaging lesson plans easier than ever before.

- 3,600 lumens of colour/white brightness¹
- 4:3 XGA resolution for images up to 112"
- 20,000-hour laser light source; no lamps²
- 2.5 times larger images than 75" flat panels
- Instant On laser light source
