

Create future-ready classrooms

TECHNOLOGY THAT CAN HELP ACCELERATE LEARNING.

Computing

- Chromebooks
- Laptops
- Desktops
- Tablets

Printing

- Copiers
- Desktop printers
- 3D printers

Peripherals

- Headsets
- Charging carts
- Webcams
- Microphones

More Tech Solutions

- Interactive whiteboards
- Electronics recycling
- AV equipment
- PA/Video announcement equipment
- Education software licensing

See next page for a complete list of products and services.

Tech that helps them hit their potential

Services & Solutions

IT Services

Device as a service (DaaS)
Imaging and asset tagging
Warehousing and kitting
Order tracking
Hardware and software installation
Help desk services
Managed mobility
National deployments
Document management

Data Center Solutions

Backup solutions
Cabling and cable management
